COVER

HUH?!

What do you mean *wooden pack frame?* You're not going to wait for a carriage or something?!

Well, yeah.

Ah...

Also, can you please lend me a few clean cloths, a belt, some twine, and a wooden pack frame? I'll return it later.

Phew, I'm glad we got a good deal there. You see, I don't like slaver's quarters and I don't like people dying in them either.

Haa...

Fortunately, the process was quick. I want to give her the treatment as soon as possible.

I'M IN A HURRY AFTER ALL.

GLARE...

Be careful there.

STAND

The elf girl was unresponsive the whole time, even when I touched her while I prepared her to the pack. She didn't seem relieved, she seemed too used to being treated like an object.
